

Authors

Authors are able to register and submit items to the journal directly through the journal's web site. The Author is asked to upload the item, as well as provide metadata or indexing information associated with the item, to improve the search capacity for research online and for this journal.

The Author is also able to accompany an item with Supplementary Files in the form of data sets, research instruments, or source texts that will enrich the item, as well as contribute to more open and robust forms of research and scholarship.

The Author is able to track the submission through the editorial process – as well as participate in the copyediting and proofreading of submissions accepted for publication – by logging in, and using the username and password provided.

The Author may also be required to pay Author Submission and/or Publication fees, and may also optionally be able to pay a Fast-Track Review fee, depending on whether the journal charges for such fees.
